There are five of these great establishment, the same is the same as it will be always first built. But now it is in the city proper and the property alone is said to be worth millions.

It is just the same as it was in the old days so far as wide grounds and gardens go. There has never been a foot of it sold and there probably never will be. It was here that Mrs. Rockefeller liked to spend her time and from this house she took her daily drives. Which were her greatest pleaseure.

Attorneys are uncertain as to the next steps. They contend that the supreme court is clearly in error if it has remanded the case. It is thought the court will be asked to make a definite disposition of the case.

The area in dispute is approximately 1.316 acres, almost twice the present size of the city: \$56 acres lie in Alexandria county and 450 in Fairfax county. The assessed value is approximately \$1,500. In the territory is the I nion Station, the suburbs of Rosemont, Braddock Heights, Cottage Park, and West End, and a portion of the Potomac rail-way yards.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity. also to neutralize the acids in urine, so it no longer is a souce of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which every one should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advt. to do so until, after a few years, he became a habitual drunkard." The charge is further made that he "has been almost continuously intoxicated or under the influence of liquor for three under the influence of liquor for three years."

"Because of his intoxication and drunkenness he was discharged or forced to resign from the position of assistant corporation counsel," alleges Mrs. George in the bill.

Mrs. George in the bill.

Mrs. George charges that her husband has cursed her and threatened her life on several occasions during the past year and that "the threats became so trequent that she is afraid longer to live with him, because she is in fear of bodily harm and even for her life." She alleges that he returned home in an intoxicated condition on February 22, and struck her and threw articles at her threatening "to break her face if she took any action against him."

Another allegation made by Mrs. George is that her husband made false accusation against her in the presence of her four children and others. She asks the court to enjoin him from slandering her or interfering with or annoying her during the pendency of the suit. Temporary alimony is also sought by Mrs. George.

(Beauty Notes)

Merely applying an inexpensive paste to a hairy surface, say beauty specialists, will dissolve the hairs. This paste is made by mixing a little water with some powdered delatone; after about 2 minutes it is rubbed off and the skin washed. This simple method not only removes every trace of hair, but leaves the skin free from blemish. To insure success with this treatment, be careful to set real delatone—Advt.
